CYTO CREATES HARRIS PRINT GROUP IDENTITY, COLLATERAL

Columbia, Md. – Cyto Communications Managing Partner John Phelan recently directed the development of a new corporate identity and marketplace branding collateral for Baltimore-based Harris Print Group. Harris provides a single source for a wide variety of printed media solutions, from fulfillment services and promotional items to comprehensive commercial printing.

“The principals at Harris Print Group understand service and know what it takes to succeed in an incredibly competitive print services marketplace,” said Phelan. “Our goal was to provide them with a corporate identity and collateral that expresses that professionalism and capability.”
